NEW TOWN DEVELOPMENT

PALAWAN ISLAND, PHILIPPINES

Aplin & Martin was retained by Mighty Beaut Minerals Inc. to prepare a Master Plan and Infrastructure Concept Plan (U.S. $34,000,000) for a 100 ha (250 acre) site to house and support approximately 5,000 residents. The town site integrated a road and pathway system to link housing areas with an administrative centre, schools, churches, other community facilities and a town retail centre.
